VIBRANCY INVENTORY

This inventory is designed to give you a chance to reflect upon your household and its current level of vibrancy. You will read 20 statements that correspond to different vibrancy habits within households. For each statement, reflect on how often the core members of your household (those who live under the same roof with you) participate in that activity together.

First, mark how often "some of" your core household members participate in the activity together (daily = 4, weekly = 3, monthly = 2, rarely = 1, never=0). Next, mark how often "all of" your core household members participate in each activity.

Remember, the purpose of this survey is not to grade your household. Instead, it's to honestly reflect on the habits of your household and consider how God might be calling you to increase your spiritual vibrancy. While household schedules often shift and change over time, for this survey consider these habits during your current season of life.

In each box, write the number that corresponds with the frequency with which your household participates in each activity. Then, add up all the numbers in each category, and write the total below.
